- Faculty Coordinator will select from the Master Batch the list of students who will learn the particular FOSS.

	First Name	Last Name	Email ID	Gender	Preferred Language
√	DIANA	LOW	dianaly3129@gmail.com	Female	English ▼

Link: http://process.spoken-tutorial.org/images/4/49/Upload_Select_Participant_list.pdf

6. Download the Course Content:

- Download the course content by selecting the software of your choice to conduct the Training , through the following link:

process.spoken-tutorial.org/images/1/1b/Download-Tutorials.pdf

Direct Download Link: http://www.spoken-tutorial.org/create_cd_content

7. Machine Readiness:

- Make the computers systems ready to conduct the training with sound, Tutorials (Course content) and software downloaded and installed in the machines.
- Internet connectivity is NOT required during the Training .
- Ensure that sufficient number of earphones and hard copies of Instruction sheets specific to the particular software are provided.

A **Training** is a software session which is conducted as a part of the Lab hours alongside a course present in the syllabus or which has relevance to the course taught.

8. Training Details:

- In the lab practical hours, each participants to follow Instruction sheet.
- Listen to each tutorials using earphones (mobile earphones will work too) and play, pause, rewind each tutorial available in the zip folder.
- Practice on the software using Side by side method shown in the link <https://www.youtube.com/watch?v=ANK6WTWO-88>

9. Online Assessment Test:

- At a time convenient to the batch plan the timing of the Online Assessment test.

- Decide on an invigilator and have the invigilator also register by creating an account and filling the Invigilator details form. Do this before making the test request.
- Then make a test request on spoken-tutorial.org minimum 48 hours in advance, and we will confirm it for you.
- The participants / students whose names, email id have been added / entered (by the Organizer) through the “**Participant list**” while requesting for a Training, will (by default) get an automated mail with a system generated 'Username' and 'Password', which inturn can be used for subscribing for 'Online Tests' and downloading the Certificates, later.
- The participants will make use of the Login details obtained through the above mentioned mechanism and then they take the test. On clearing the test they will get an 'Completion Certificate' automatically.
- Those participants who haven't registered can make use of the following link and can subscribe for the same.

Link for Participant Registration: <http://spoken-tutorial.org/participant/login/>

- As the participants come in for the test, the invigilator will fill the attendance sheet by clicking on the participant's user name, thus allowing them to take the test.

Link for Online Test: <http://onlinetest.spoken-tutorial.org/>

- After all the participants complete taking the test and recieve the certificates, on passing, the Invigilator will close the test after confirming that all the students / participants have finished answering the questions and seen their marks, by clicking on 'Mark as Complete'.

Learner's Certificate will no longer be provided to the participants for FOSS courses that have Online test.

PS: Tests are available for the following FOSS : BASH, C, CPP, Advance CPP, Java, PHP & MySQL, Linux, LaTeX, Scilab, Python and PERL.
