Instructions to download Softwares and Tutorials for SELF workshops, Spoken Tutorial Project, IIT Bombay

Steps:

1. You will see zip files of all the FOSS on the following link-
    http://files.spoken-tutorial.org/disc-source/

2. Click on the FOSS category, you have selected for conducting workshop.

3. This will prompt a window to open/save the zip file. Please save the zip file.
    Please save the zip file in all the computers or you can copy the zip folder content in CDs/DVD and keep it for future use.

4. Extract the content from the zip file into a folder.

5. Open the folder.

6. Locate the read-me-first.txt file.

7. Open it and read it carefully.

8. Follow the instructions given inside to locate the Installation and Instruction sheets.

9. Do as directed in the Installation sheets to install the FOSS in all the computers.

10. Take enough print-outs of the Instruction sheets – one for each participant.

11. Copy the extracted folder on each computer before the workshop.

Before Workshop:

1. Hand-over one Instruction sheet to each participant before the workshop.

2. To begin the workshop, the participants have to open index.html file present in the extracted folder.

3. index.html file will be Open only by Firefox browser.

4. We recommend participants to follow the sequence of topics given in the index.html file for better learning
