

Program Benefit To School

- School will get a letter of association from IIT Bombay regarding awareness of ICT education & can use it for their advertisement.
- School will fulfill the demand of parents who want to provide basic to advance knowledge to their child of IT courses.
For eg:- Byjus, Whitehatjr, Coding with Kids provide these IT courses at a high price.
- School's teacher can also fulfill the requirement of 50 hour of Continuous Professional Development(CPD) training.
- As an outcome of attending this program, all the teacher will have improved the quality of teaching in virtual and offline modes.
- School rating will improve by providing Life Skill Education.

Program Benefit to Students

- Student will get four certificate courses from IIT Bombay as a proof their knowledge.
- Will improve their critical thinking and entrepreneur skill.
- Students get job oriented skill course from school without paying any extra charge.
- In this 21st century everything is going digital day by day, student can cope up with the technology.
- Student will have more than 12 certificate courses after getting passout from school which will help him in future.

- If a student drop-out from his school due to financial condition or some another reason, he/she will have a IIT Bombay Certifiacte in his hand through which he can get a better job in market and will not end up in labour job.
